PROGRAM BACKGROUND

- ▶ 10 RESIDENTS
- ▶ 10 ORGANIZATIONS
- ▶ 2 WEEKS OF WORKSHOP
- ▶ 9 MONTHS OF HANDS-ON TRAINING
- ▶ 2 PROFESSIONAL CONFERENCES

NDSR MISSION

...TO BUILD A DEDICATED COMMUNITY OF PROFESSIONALS WHO WILL ADVANCE OUR NATION'S CAPABILITIES IN MANAGING, PRESERVING AND MAKING ACCESSIBLE THE RECORD OF HUMAN ACHIEVEMENT HELD IN DIGITAL FORM.

THE IMPORTANCE OF NDSR

NDSR will serve the American people by developing the next generation of stewards to collect, manage, preserve, and make accessible our nation's digital assets.

- NDSR will help define clear educational standards for digital stewardship education and training
- NDSR has joined forces with prominent American institutions to provide residents with a combination of hands-on learning and expert guidance
- NDSR will create experts in the emerging field of digital stewardship who will be able to return to their communities nationwide and assist the Library of Congress in its goal to keep record of America's creativity as expressed in digital form

A Library of Congress survey found that **84% of institutions** have digital content that must remain accessible for **10 years or more**. NDSR will create the experts who will be responsible for this preservation

the same survey found that only **33% of organizations** have staff dedicated to digital preservation. **This exemplifies the need for NDSR.**
