

Sharing Long-Term Preservation: Affiliated Archives or Relationships

NDIIPP Meeting

Presented by Brett Abrams, Senior Archivist

November 18, 2010

Sharing Long-Term Preservation: Affiliated Archives or Relationships

- ❑ The University of North Texas Libraries, military academies, Library of Congress' Prints and Photographs are a few of the 11 current repositories.
- ❑ Six principal criteria are used by the Archivist to determine whether it is in the public interest to establish an affiliated archives. Candidate custodians must:
 - ❑ Provide specialized public access to the records and the information in the records beyond what NARA provides.
 - ❑ NCDC: Long-Term Preservation and Access

OMB Circular A-16 Supplemental Guidance

- ❑ Office of Management and Budget (OMB) released last week to Heads of Executive Agencies and Departments.
- ❑ defines and clarifies elements to facilitate the adoption and implementation of a coordinated and effective Federal geospatial asset management capability.
- ❑ Views nationally significant data sets as national geospatial data assets to be managed according to the data lifecycle, including archiving.
- ❑ Roles and responsibilities for all agency personnel involved in data set management
- ❑ Portfolio management applied, including decisions on funding
- ❑ Approximately 150 identified data sets
