FIG. 1 - Centralized, Decentralized and Distributed Networks

A large flock of starlings is captured in flight, forming a dense, circular shape against a clear blue sky. The birds are small, dark silhouettes, and their collective movement creates a textured, almost cloud-like appearance. The word "Starling" is overlaid in the center of the flock in a white, serif font.

Starling

Starling

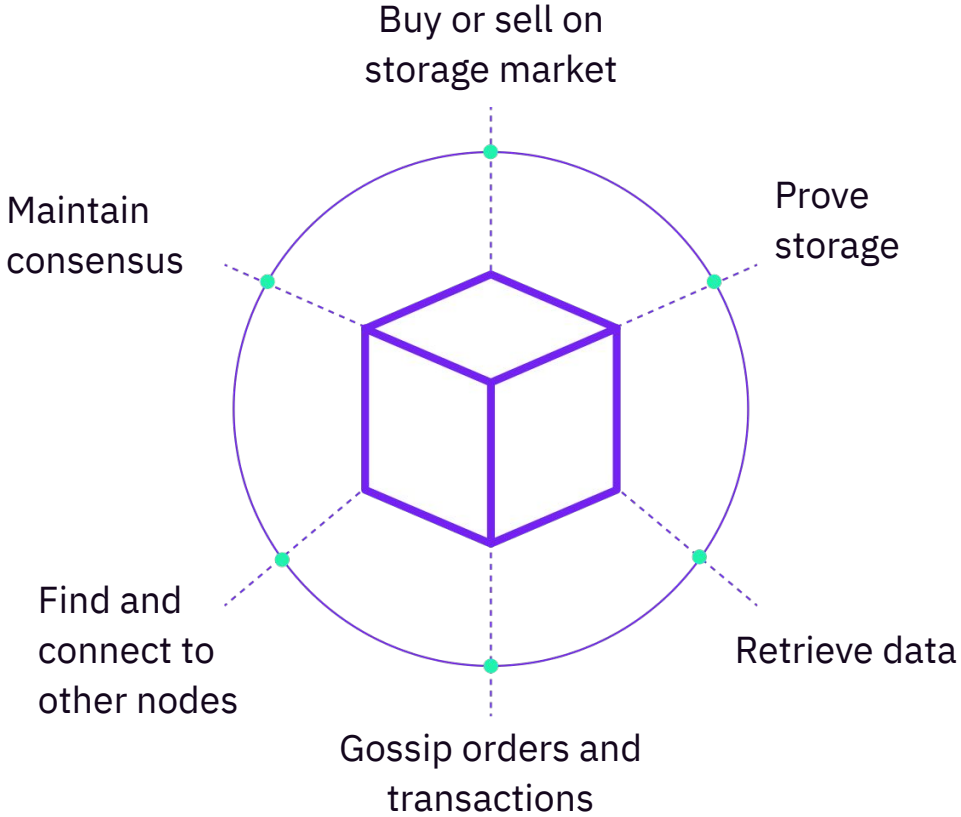

Simplified & coordinated
decentralized storage on
the Filecoin network

Filecoin

Filecoin Node

Storage Network

Public chain records messages and commitments

Decentralized storage nodes maintain copies of the chain via consensus + provide storage

Storage Mining Details

Offer storage

Tell the network you're ready to store

Make deals

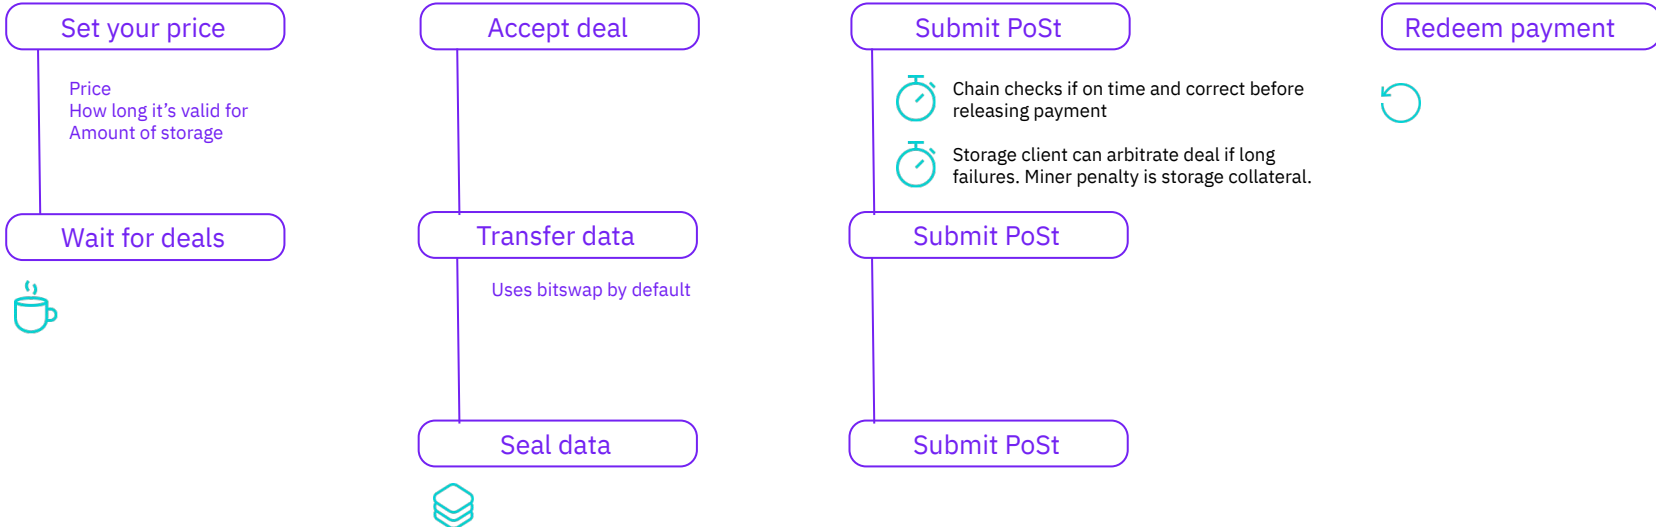

Store data, get paid

Though the lifetime of the deal, as miners submit correct PoSts, funds are released in the payment channel.

Redeem payment

Transfer funds from payment channel to wallet.

Storage Client Details

Prepare data

Make deals

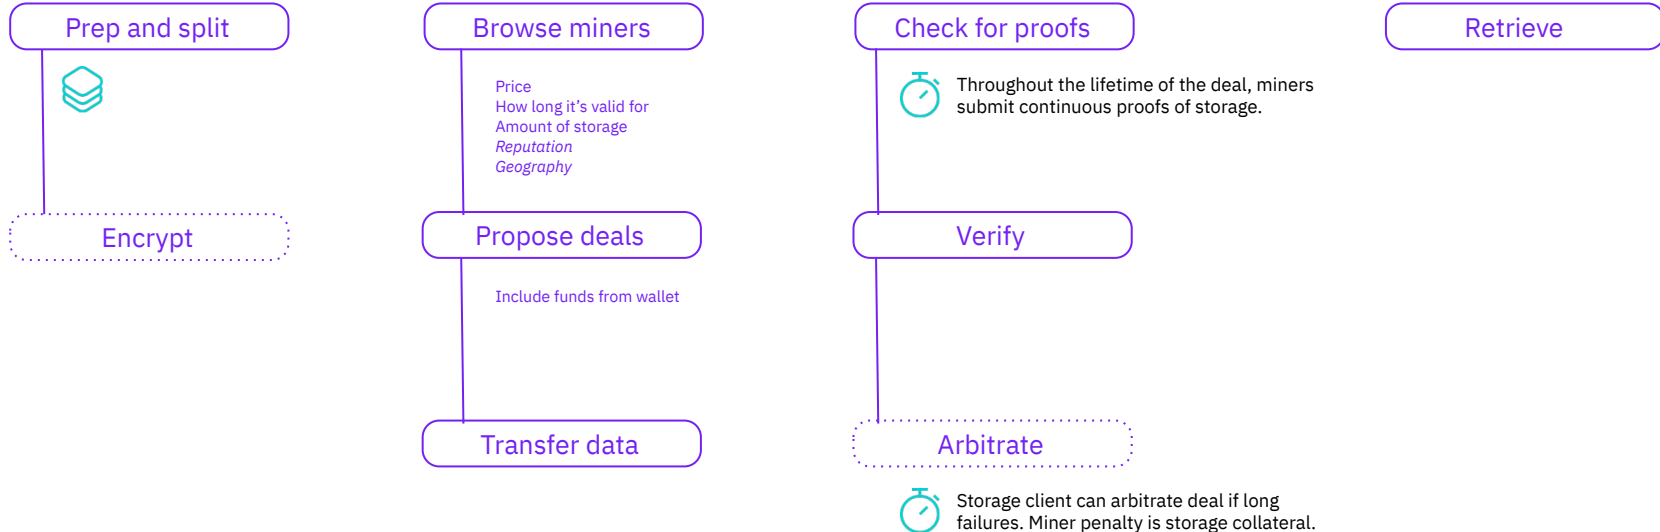

Data stored

Miners submit proofs of continuous storage. Clients can verify or arbitrate.

Retrieve

Filecoin Storage Proving

Seal

Not a proof, but an operation that combines data + pseudorandom seed to guarantee a unique replica.

Proof of Replication (PoRep)

Creates a replica via Seal operation, and proof that it was correctly generated

Inputs:

- prover key
- SEAL key
- data

Proof of Spacetime (PoSt)

A series of proofs that, together, give confidence in continuous storage over time.

Inputs:

- prover key
- replica R (from PoRep)
- random challenge
- time

Iterative proofs for storage over time

Source: Filecoin Whitepaper, July 2017

A large flock of starlings is captured in flight, forming a dense, circular shape against a clear blue sky. The birds are small, dark silhouettes, and their collective movement creates a textured, cloud-like appearance. On the left side of the image, there is a soft, pinkish-purple glow, suggesting a sunset or sunrise. The overall composition is centered and balanced.

Starling

```
My-computer: ~ user$ npm install -g starling
```

- 
- A large flock of birds flying in a circular pattern against a blue sky. The birds are small and dark, creating a dense, circular cloud of movement. The sky is a clear, light blue.
